

Pass the Baton

Explanation: Create a baton, mimicking those used in Olympic team relays. You can simply use paper and tape or use your own creativity. Determine a walking distance (can be used in metrics or time). The first participant will begin the challenge by completing the department-determined walking route and will “Pass the Baton” to the next participant upon completion. Each participant has one hour to complete his or her leg of the relay and pass the baton to the next person.
